

Iveta Apkalna

(Latvian Music Awards 2004) is one of the top organists of the world, highly acclaimed for her immaculate technique, effective sense of registration and natural projective-ness by international competitions such as Lahti (Finland), Calgary (Canada) or Kaliningrad, (Russia). Iveta offers to a large public eclectic balanced organ programmes on CD, with much drama and wide range of expressiveness: tender, rhythmical or wildly percussive. A noble popular intention is in the heart of this admirable and most respectable artist of the organ scene.
